Il più grande magazzino  
nazionale di passivi  
ed elettromeccanici

**UPEC**  
UPEC Electronics Corporation

UPEC Electronics Corp is a young dynamic and international minded LED Manufacture, with head office and manufacturing facilities in Taipei, Taiwan. UPEC is a professional LED solution provider and we supply both LED module solutions as well as LED component to global top tier customers around the world. For LED module solution business, we provide a variety of solutions to all kinds of customers in the industries such as consumer electronics, automotive, LED backlight and general lighting fields. For LED component business, UPEC is one of the leading companies in the high power LED area as well as SMD PLCC LED. We provide full range of single color high power LED and also multi-chip in 1 full color high power LED. UPEC Electronics Corp is the market leader in LTCC Ceramic Packaging Technology which allows UPEC to densely cluster multiple LEDs to achieve exceptionally high luminous intensity in very small footprint.

UPEC cares about customers' needs. To bring the greatest satisfaction to you, UPEC devotes itself to analyzing and discovering the market trend and developing the next generation of LED application technologies. UPEC is committed to become the world class LED lighting enabler.

**DESIGN WITH MURATA  
TOTAL CERAMIC CAPABILITY**

New materials create new components and modules. Murata's all come from our own research centres where experts in materials and applications work together, crossing boundaries, solving problems. Murata is the Total Electronic Materials Technology House, creating unique materials and versatile processes.

For application information and simulations visit us at : [www.consortiumsrl.com](http://www.consortiumsrl.com)
